

ACCT20076 Foundations of Management Accounting

Term 2 - 2024

Profile information current as at 29/07/2024 03:41 pm

All details in this unit profile for ACCT20076 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit introduces management accounting and enables you to explain its role in efficient resource allocation. You will be introduced to the traditional and modern approaches to costing for evaluation and effective decision making. The role of management accounting in performance evaluation is addressed in such areas as budgeting, cost-volume-profit analysis, variance analysis, job costing, process costing, and activity-based costing.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Assessment Tasks

1 ASSESSMENT TASK 1

Assessment Type

Online Quiz(zes)

Task Description

Each of the 10 on-line tests is worth 1% of the total grade for the unit. The on-line tests will be open on a weekly basis from weeks 1 to 11, with week 1 being a trial on-line test to get the students familiar with the process. The materials assessed in each on-line test will be on key concepts to be covered in the following week's workshop. For example, online-quiz 1 will assess the content to be taught in week 2. The purpose of the weekly quiz is to enable the students to prepare for the workshop prior to attending the workshop. This will allow students to grasp the material covered during the workshop, engage effectively with teams, and create a good learning environment in the workshop. Each on-line test will open at **12.00 PM AEST on the Wednesday of the week and close at 11.45 PM on Friday of the following week**. For example: Quizzes in week 2 (covering materials in week 3) will be open at 12.00 PM AEST on Wednesday of week 2 and close at 11.45 PM on Friday of week 3. You can make multiple attempts at each weekly quiz and you have 20 minutes to complete each on-line test after you start it. Each test will consist of 10 multiple choice questions.

Assessment Criteria

The assessment criteria for this weekly online assessment includes the ability to read and understand the basic accounting concepts in the relevant chapter by reading through the lecture slides provided, listening to the recorded lecture and a brief review of the specific chapter in the text book, that will equip the students to better understand the topic and then actively engage in the workshops. The online quiz will be marked electronically and will assess students on their ability to understand the basic concepts outlined in the lecture slides and lecture recording.

Submit within 20 minutes from starting time. You can have multiple attempts for each test. Please start the test at least half an hour before it closes at 11.45 PM on Friday. Once the quizzes close, the system will log you out automatically.

Learning Outcomes Assessed

- Analyse and report on the usefulness of management accounting for ensuring that business resources are allocated effectively and efficiently
- Interpret, analyse and report on the behaviour of costs and their management
- Interpret and report on the purposes of budgeting for planning and control, including the calculation and analysis of budget variances
- Analyse and report on alternative methods of valuing and allocating overhead costs, and correctly apply the most appropriate methods for a given situation
- Analyse and report on the interaction between inventory costs, profit and loss, and the balance sheet, and explain their relevance to the firm's financial position

2 ASSESSMENT TASK 2

Assessment Type

Practical and Written Assessment

Task Description

This assessment tasks consists of two parts: PART A - Weekly Workshop Participation 20% (Weeks 2-11) and PART B - Written Assessment due in Week 7, 25%.

PART A (20%) - Group assessment to evaluate the student engagement and participation during the weekly workshops over 10 weeks from week 2 through to week 11. Students will be assessed on actively engaging with their group during the workshop sessions wherein they will be required to work out problems, analyse and interpret the outcome of the calculations and make decisions. This task is assessed by a students' submission demonstrating their work in-class. The purpose of this is to enable students to actively engage in discussions during the workshop and arrive at solutions/conclusions by working together as a team, thereby creating a conducive learning environment.

PART B (25%) requires students to review and analyse a case study within student groups and prepare an executive report. Content and format of the executive report will be provided on Moodle when the assessment task becomes available. The assessment task will be available in Moodle in Week 3 and is due in Week 7. This assessment task is to be completed in a team of 2-3 students.

Assessment Due Date

Week 7 Monday (26 Aug 2024) 11:45 pm AEST

Part A occurs every week from week 2 - 11. Part B is due on Monday in Week 7 at 11:45 PM AEST

Return Date to Students

Week 9 Monday (9 Sept 2024)

Results for Part A will be available via the grade book on Moodle every week beginning week 3 to 12. Assignment 2B will be due back on Monday, Week 9.

Weighting

45%

Assessment Criteria

The assessment criteria for both Part A and Part B of this assessment includes the ability to interpret, analyse and report on the behaviour of costs and their management.

Students will also be assessed on the ability to analyse and report on the usefulness of management accounting for ensuring that business resources are allocated effectively and efficiently.

When preparing for the assignment, students should refer to specific assessment criteria outlined within the assignment as well as to any relevant advice posted in Moodle by the Unit Coordinator.

Submission

Offline Online Group

Submission Instructions

Part A is in class and Part B is a group assignment and needs to be submitted by one student on behalf of his/her group.

Learning Outcomes Assessed

- Interpret, analyse and report on the behaviour of costs and their management
- Interpret and report on the purposes of budgeting for planning and control, including the calculation and analysis of budget variances
- Analyse and report on alternative methods of valuing and allocating overhead costs, and correctly apply the most appropriate methods for a given situation
- Analyse and report on the interaction between inventory costs, profit and loss, and the balance sheet, and explain their relevance to the firm's financial position
- Demonstrate application of selected theories into various management accounting phenomena.

3 FINAL ASSESSMENT

Assessment Type

Written Assessment

Task Description

Final assessment is a combination of group and individual assessments. There are two parts included in this assessment: Part A (25%) - A group assignment. Students are required to complete the assessment task in a group of 2-3 students and are assessed on their ability to review, analyse and critically evaluate a management accounting case study in various aspects (cost management, cost allocation, planning, control and decision making). Part A results are based on group efforts to prepare the report.

Part B (20%) - individual component. Each group member will prepare a short presentation to discuss and explain their portion of work in the report in part A. Students will be assessed based on their communication skills as well as their understanding of management accounting concepts and apply these concepts to solve the managerial problems. Presentations will be via Zoom and further instructions will be provided closer to the assessment date on Moodle.

Assessment Due Date

Week 11 Monday (23 Sept 2024) 11:45 pm AEST

Part A will be due on Monday Week 11 at 11:45 PM and feedback will be returned by Week 13. Part B will be due during week 13 (schedule will be set up for each group)

Return Date to Students

The result of the final assessment will be released after grade certification date

Weighting

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
