AVAT12009 Commercial Pilot Licence Navigation

Term 1 - 2026

Profile information current as at 22/01/2025 09:05 pm

All details in this unit profile for AVAT12009 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will provide you with knowledge of navigational procedures applicable to light commercial aircraft operations. You will learn the aeronautical knowledge requirements of the Civil Aviation Safety Authority Commercial Pilot Licence Navigation Syllabus. You will learn the form of the Earth including latitude and longitude, magnetic and true poles, and directions. By reference to an aeronautical chart and the various chart projections, you will learn how to navigate an airplane. You will learn to convert between Coordinated Universal Time (UTC) and local mean and standard times. You will also be able to use a navigation computer to convert between various airspeeds and ground speeds and perform critical point calculations. Students who have completed the corresponding external CASA exam and want to be exempt from Assessment 1 (Quizzes) should contact the Unit Coordinator.
