General Information

Overview

Airline Finance Analysis is designed to provide you with an understanding of the financial decision-making required in the commercial air transport industry. You will learn about key financial management concepts and how they are applied to the management of airlines. Topics include making investment decisions, financing choices (including leasing), fleet planning, route economics, hedging financial risks, and airline financial statements.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the <u>University's Grades and Results Policy</u> for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the CQUniversity Policy site.

You may wish to view these policies:

1 Online Quizzes

Assessment Type Online Quiz(zes)

Task Description

There will be 10 online quizzes throughout the term contributing 30% to the final assessment. They will be undertaken online and be due at approximately one-week intervals as given on the Moodle site. Each quiz consists of 5 questions and the question types can be matching, multiple-choice, selecting missing words, or Ture/False. You must select what you think is the correct solution.

Assessment Criteria

Word Count: 3000 words (+/- 10%)

Course Value: 30%

Task: Select a current airline and discuss and analyze its recent history of profitability, financial and operational performance (past 3 years).

PLEASE NOTE: Each student must select a different airline; a chosen airline must approved with the course lecturer before being used as the basis for the report.

Basic Structure: This academic report must contain a Title Page, Table of Contents, Executive Summary, Introduction, Main Body(Highlight of Major Business/ Shareholder and Management/ Business Drivers/ Financial Statement Analysis and Peer Comparison/ Risk Factors), Conclusion. The report should be thoroughly referenced using in-text references (APA referencing is required).

Criteria: Successfully discussion and analysis essentially refer to the information and content that you include in your report; in many ways this is the story or narrative that you develop from start to finish. Analysis basically asks and answers the question "why"? Why is this information important in addressing the topic? Analysis helps to strengthen arguments by building a strong case – often it is achieved by acknowledging key differing arguments, but then developing a strong argument or angle for an assignment in the process – like a spine with attached and acknowledged counter arguments along the way. Comparing and contrasting are typically used to conduct analysis, with words like however, in contrast, similarly, likewise, but (and so forth) used throughout to link and generate ideas, concepts, viewpoints and arguments.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
