Term 2 - 2025

Profile information current as at 20/07/2025 11:27 am

All details in this unit profile for AVAT28004 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Flight Practice 4 introduces you to general handling and navigation training required for the Commercial Pilot License. Your flight training will be conducted by an approved external flight training provider. You will interpret navigation data, enabling you to pilot an aeroplane under supervision on extended commercial navigation exercises. The unit will develop your critical reflection and self-analysis skills to enable you to operate as a pilot in commercial aviation. During the unit, you will keep a reflective journal which will assist you in presenting a critical analysis of your training at the end of the unit. You will also develop your self-management and self-discipline skills to review your flight training.
