General Information

Overview

In this unit, you will learn to visually communicate a design project. You will first gain an understanding of how to visualise objects and draw them to scale freehand. You will then be introduced to a range of drafting software, including AutoCAD and REVIT/BIM. Focussing on software that is appropriate to your chosen discipline, you will learn to apply drafting software to demonstrate appropriate use of scale and proportion as you create technical 2D and 3D drawings of complex objects/buildings as appropriate for your chosen discipline.
