BLAR12056 Construction Legislation 2

Term 3 - 2025

Profile information current as at 22/11/2024 10:40 pm

All details in this unit profile for BLAR12056 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will give you the opportunity to examine and apply the National Construction Code (NCC) and associated legislation to Building Class 2 to 9 projects. You will learn about statutory controls and assessment; enforcement proceedings; how Australian Standards, government Acts and other industry codes interact with the NCC; and the application of the principles of performance-based legislation. You should have completed an introductory construction legislation unit to ensure adequate level of entry knowledge. Students who have successfully completed BLSV13021 should not enrol in this unit.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE Unit Comments Report- T3- 2023

Feedback

Students found that the assessment tasks are effective and the teaching sessions provided adequate examples of real life situations.

Recommendation

It is recommended to adopt the same teaching strategy.

Feedback from SUTE Unit Comments Report- T3- 2023

Feedback

It is suggested assessment questions to consider common and frequent cases of buildings such as cafes and smaller buildings rather than large buildings. This will make easy access of information as well as clear understanding of its use, intention and what was inside the building.

Recommendation

It is recommended to revisit the assessment questions and check the possibility of applying the building cases as suggested by the feedback item.
