BLAR13046 *Built Environment 2*

Term 3 - 2025

Profile information current as at 22/11/2024 11:12 pm

All details in this unit profile for BLAR13046 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will explore the roles and responsibilities of the building design professional in relation to the design and planning of the built environment. In this unit you will: Provide an introduction to the development of both urban and regional Australia in terms of infrastructure provision and built environment outcomes; Develop an understanding of how the application of social innovation in the decision-making process can positively affect outcomes for both urban and regional environments; Provide background to the need for triple bottom line decision making in the planning and design process; Develop an understanding of the impact of how current trends can reduce the environmental footprint associated with the development of the built environment. N.B. Students are strongly advised to attempt this unit within their final year of equivalent full-time study to ensure an adequate level of entry knowledge.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Prerequisites: BLAR11045 Built Environment 1 and BLAR12036 Building Design 1 and BLAR12050 Contract Documentation

Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 3 - 2025

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE feedback

Feedback

The unit is comprehensive, demanding and engaging. Inclusion of industry professionals contributes to depth of understanding.

Recommendation

Industry professionals will continue to engage with students in this unit.

Feedback from SUTE feedback

Feedback

The assessments and feedback provide a "real world" experience that is useful to prepare for work as an industry professional. There is significant time commitment, engagement and research involved to do well in this unit.

Recommendation

The unit will continue to be structured to support students prepare for work as an industry professional. It is recommended that students manage their time and participate in the research and engage in the mentoring activities that form part of this unit.
