Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student

Feedback

Students appreciated assessments that include real-world application.

Recommendation

The assessments will continue to be developed to retain their real-world practical applications so that students can achieve multiple learning benefits from these tasks.

Feedback from Student

Feedback

Some students felt that Assessment 3 was a little off topic. They felt that it would make more sense to do a more advanced audit.

Recommendation

The topics for each assessment task draw on common themes experienced in the real world. The context of these assessment scenarios will be explained more clearly in the assessment task to ensure that students understand the reasoning behind it and the links to the relevant learning outcomes.

Feedback from Lecturer

Feedback

Students found practical elements of the assessment tasks to be useful and practically useful for future building surveying roles.

Recommendation

Assessment tasks will continue to provide practical tasks such as creating checklists, reports and conducting physical inspections of buildings.
