BMSC11005 *Foundations of Biochemistry*

Term 2 - 2026

Profile information current as at 22/01/2025 08:57 pm

All details in this unit profile for BMSC11005 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will enable students to develop their knowledge and understanding of biomolecules and cell function, including the structure and biological role of amino acids, proteins, nucleic acids, carbohydrates and lipids. They will develop a basic understanding of how these biomolecules are synthesised, catabolised and interconverted through key biochemical pathways to meet the needs of the cell and organism, and will provide the necessary knowledge to begin to study disease and drug treatment at the cellular level. Students will also develop a theoretical understanding of methods used in biochemical analysis and develop literature searching skills in the recognition and use of primary sources of scientific information.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE feedback

Feedback

Students appreciated teaching technique and availability of the lecturer.

Recommendation

Maintain teaching team and style for future offerings.

Feedback from Self-reflection and SUTE feedback

Feedback

Some of the short answer questions in the online assessments need further clarification. They are slightly vague and can be somewhat ambiguous to the students.

Recommendation

Clarify the wording of the questions in the online quizzes.

Feedback from Self-reflection

Feedback

Unit needs an update in COVID material - both lecture material and test questions.

Recommendation

Allow time for Unit Coordinator to make these updates.
