# CHEM12080 Organic Chemistry

## Term 1 - 2025

Profile information current as at 05/09/2024 01:28 pm

All details in this unit profile for CHEM12080 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

This unit will build on the organic chemistry aspects learnt in CHEM11044. In this unit, you will learn theoretical and practical chemistry applications in organic chemistry. You will become familiar with laboratory compliance procedures, interpret risks and appropriate risk-minimisation approaches. The theoretical concepts will include an overview of organic reactions, structural determinations using spectroscopy, benzene chemistry, carbonyl substitution and condensation reactions, amine and heterocyclic chemistry, and pericyclic reactions. Contents covered in this unit will provide a sturdy basis for studies in bio-organic chemistry, analytical and materials sciences, physical and interface chemistry. Contents covered in this unit will also allow you to be able to understand the implications of advanced organic chemistry associated with manufacturing, environment and medical fields. Accompanying the theory, you will enhance your practical skills by learning the operation and maintenance of common instrumentation used for chemical analysis, perform advanced wet chemical analysis, organic synthesis, isolation, purification and structural elucidation of organic products.

### Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

Pre-requisite: CHEM11044 Chemical Reactions.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 1 - 2025

- Mixed Mode

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from SUTE

##### **Feedback**

Students praised the unit for its excellence. The learning materials were highly regarded, with relevant textbook questions, and the interactive nature of the assignments was well-received.

##### **Recommendation**

The teaching team is committed to providing content that fosters a more engaging and interactive experience for students in this unit.

#### Feedback from SUTE

##### **Feedback**

Students recommended that the feedback provided during the course of the unit be more clear and usable.

##### **Recommendation**

The teaching team will strive to enhance clarity and relevance in marked assessments for the year 2024.
