CHIR20011 *Clinical Practice 5*

Term 2 - 2026

Profile information current as at 23/01/2025 01:26 pm

All details in this unit profile for CHIR20011 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Clinical Practice 5 provides you with your fifth block of practical experience within a chiropractic clinic. Under decreasing guidance from your clinic supervisors, you will work as a functional team member and use the theoretical knowledge and practical skills developed in the previous four clinical units. Therefore, you will be expected to demonstrate this increased knowledge and skill by delivering patient assessment and treatment. You will begin to actively lead clinical decision making and management planning discussions. During this unit you will be able to undertake many clinical tasks independently. This intern experience is a valuable bridge between university and professional practice.
