General Information

Overview

In this unit, you will explore a range of professional issues that you may encounter as part of the clinical practice of chiropractic. You will discuss issues which are important to both the profession as a whole and to you as an individual practitioner. Topics covered will include those pertaining to patient care, the role of the chiropractor within the broader health care system and compliance with the ethical and legal requirements of practice. In addition to sharing your own ideas with colleagues, you will hear from experts on these matters from a range of professional backgrounds.

Assessment Overview

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.
