COIT12203 *Workflow Analysis & Management*

Term 2 - 2026

Profile information current as at 26/03/2025 05:22 am

All details in this unit profile for COIT12203 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Business processes are core to an organisation and its business partners for delivering products or services to customers. In this unit, you will be introduced to discovering, scoping, assessing, modelling and redesigning business processes. This unit provides you with an overview of the foundations of process modelling, process improvement and process integration. You will use techniques to analyse organisational processes and propose improvements to those processes. You will learn workflow principles and how to re-design business processes to improve efficiency. This unit will provide you with the necessary skills to develop a report that identifies business processes and recommend improvements for organisational efficiency from a process and technological perspective.

Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Prerequisite: (COIT11239 or COMM11003) and COIT11226

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2026

- Brisbane
- Cairns
- Melbourne
- Online
- Rockhampton
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.

This information will be available on Monday 18 May 2026

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit Coordinator self-reflection / Student comments

Feedback

The prescribed textbook is outdated; updating it and adding supplementary resources would improve the learning.

Recommendation

The lecture content will be revised, and additional resources will be included in the next offering.

Feedback from Unit Coordinator self-reflection / student comments

Feedback

The unit should be updated to include workflow process automation tools to give students hands-on experience with current industry tools.

Recommendation

Future offerings will incorporate practical workflow process automation tools, such as Microsoft Power Automate, to align with current industry practices.
