DSMG29003 *Building Adaptive Capacity with Communities*

Term 2 - 2026

Profile information current as at 05/11/2025 07:49 pm

All details in this unit profile for DSMG29003 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will explore adaptive capacity building within communities and community resilience from a partnerships perspective. You will come to understand policy levers, available tools, programs and information that support adaptation. You will also develop skills to help facilitate partnerships and networks across government, non-government and community agencies to build community resilience. A key part of this unit involves understanding how these processes influence community change.
