General Information

Overview

Learning and teaching in Years 7 to 10 in selected learning areas is the focus of this unit. The influences, interpretation and implementation of junior secondary school curriculum frameworks are examined critically for the purposes of designing effective pedagogies. In this unit you will engage in a range of topics including curriculum development, teaching and learning resources, teaching strategies, pedagogical approaches and assessment relevant to your two teaching areas. Critical use is made of relevant sources of information including curriculum and policy documents to promote effective teaching through the selection of appropriate teachable content to enable the design of quality learning experiences using a range of pedagogies and the development of assessment strategies that promote learning in junior secondary school contexts.
