General Information

Overview

As a student enrolled in Bachelor of Engineering (Honours) and Diploma of Professional Practice (Co-op Engineering), you will apply skills and knowledge developed in the academic course to engineering practice in an industry-based, Work Integrated Learning (WIL) context. You will identify and plan work placement objectives, document technical work practices and processes to Engineers Australia Stage 2 Competency Standards, and prepare a portfolio detailing your personal and professional growth in an industry-based engineering position. Note that students are required to undertake a minimum of 24 weeks of paid or unpaid work placement that may require relocation of accommodation to suit their employment.

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Email correspondence

Feedback

Students have raised concerns regarding the timing of the evaluation, noting that they have not yet completed the unit, nor are they nearing its completion.

Recommendation

Students should be advised that the student evaluation is administered by the university for all units during a designated timeframe and, therefore, cannot be adjusted for this unit alone.
