

Profile information current as at 29/07/2024 03:30 pm

All details in this unit profile for ENEP14004 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Engineering practice is essential for all graduating engineers. In this unit, you will analyse the structure, products, and services of your host organisation. You will demonstrate completing the professional practice requirements of your course. Additionally, you will reflect on attaining Engineers Australia's Stage 1 Competencies using evidence from your e-portfolio, professional practice experience, units studied, and other experiences. Finally, you will identify future opportunities aligned with your interests and capabilities to develop a career plan.

Details

Career Level: Undergraduate

Unit Level: Level 4 Credit Points: 0

Student Contribution Band: 2 Fraction of Full-Time Student Load: 0

Pre-requisites or Co-requisites

Prerequisite: 72cp for CC02 Associate Degree of Engineering students OR otherwise, the final-year Project Planning unit (ENTG13002 OR ENEG14003)

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the Assessment Policy and Procedure (Higher Education Coursework).

Offerings For Term 2 - 2024

• Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Recommended Student Time Commitment

Each 0-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 0 hours of study per week, making a total of 0 hours for the unit.

Class Timetable

Regional Campuses

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

Metropolitan Campuses

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. Written Assessment

Weighting: Pass/Fail

Assessment Grading

This is a pass/fail (non-graded) unit. To pass the unit, you must pass all of the individual assessment tasks shown in the table above.

CQUniversity Policies

All University policies are available on the CQUniversity Policy site.

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the CQUniversity Policy site.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Formal student evaluation

Feedback

The requirements of the unit must be clarified.

Recommendation

Change and clarify the assessment structure.

Feedback from Formal student evaluation

Feedback

Report templates need to be updated and clearer examples of what is required needs to be provided

Recommendation

Update reporting templates and provide some examples of reports.

Feedback from Formal student evaluation

Feedback

The process of recording working hours for CPD requirements was unclear.

Recommendation

Provide clear instructions on recording hours of work experience.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

- 1. Analyse the structure, products, and services of an engineering organisation
- 2. Apply skills and knowledge developed in an academic course to practice in an engineering organisation
- 3. Reflect on and map Engineers Australia's Stage 1 Competency Standards to professional practice activities
- 4. Develop a strategic approach to personal and professional growth in the workplace.

The Learning Outcomes for this unit are linked with the Engineers Australia Stage 1 Competency Standards for Professional Engineers in the areas of 1. Knowledge and Skill Base, 2. Engineering Application Ability and 3. Professional and Personal Attributes at the following levels:

Advanced

- 1.1 Comprehensive, theory-based understanding of the underpinning natural and physical sciences and the engineering fundamentals applicable to the engineering discipline. (LO: 2A 3A)
- 1.2 Conceptual understanding of the mathematics, numerical analysis, statistics, and computer and information sciences which underpin the engineering discipline. (LO: 2A 3A)
- 1.3 In-depth understanding of specialist bodies of knowledge within the engineering discipline. (LO: 2A 3A)
- 1.4 Discernment of knowledge development and research directions within the engineering discipline. (LO: 2A 3A)
- 1.5 Knowledge of engineering design practice and contextual factors impacting the engineering discipline. (LO: 2A 3A)
- 1.6 Understanding of the scope, principles, norms, accountabilities, and bounds of sustainable engineering practice in the specific discipline. (LO: 2A 3A)
- 2.1 Application of established engineering methods to complex engineering problem solving. (LO: 2A 3A)
- 2.2 Fluent application of engineering techniques, tools and resources. (LO: 2A 3A)
- 2.3 Application of systematic engineering synthesis and design processes. (LO: 2A 3A)
- 2.4 Application of systematic approaches to the conduct and management of engineering projects. (LO: 2A 3A)
- 3.1 Ethical conduct and professional accountability. (LO: 1A 2A 3A 4A)
- 3.2 Effective oral and written communication in professional and lay domains. (LO: 1A 2A 3A 4A)
- 3.3 Creative, innovative, and pro-active demeanour. (LO: 1A 2A 3A 4A)
- 3.4 Professional use and management of information. (LO: 1A 2A 3A 4A)
- 3.5 Orderly management of self, and professional conduct. (LO: 1A 2A 3A 4A)
- 3.6 Effective team membership and team leadership. (LO: 1A 2A 3A 4A)

Note: LO refers to the Learning Outcome number(s) which link to the competency and the levels: N - Introductory, I - Intermediate and A - Advanced.

Refer to the Engineering Undergraduate Course Moodle site for further information on the Engineers Australia's Stage 1 Competency Standard for Professional Engineers and course level mapping information https://moodle.cqu.edu.au/course/view.php?id=1511

Alignment of Learning Outcomes, Assessment and Graduate Attributes Introductory Intermediate Graduate Professional Advanced Level Level Level Level Level Level Alignment of Assessment Tasks to Learning Outcomes **Assessment Tasks Learning Outcomes** 3 1 2 4 1 - Communication 2 - Problem Solving 3 - Critical Thinking 4 - Information Literacy • 5 - Team Work 6 - Information Technology Competence 7 - Cross Cultural Competence 8 - Ethical practice 9 - Social Innovation 10 - Aboriginal and Torres Strait Islander Cultures

Textbooks and Resources

Textbooks

There are no required textbooks.

IT Resources

You will need access to the following IT resources:

- CQUniversity Student Email
- Internet
- Unit Website (Moodle)

Referencing Style

All submissions for this unit must use the referencing style: <u>Harvard (author-date)</u> For further information, see the Assessment Tasks.

Schedule

Week 1 - 08 Jul 2024

Module/Topic Chapter **Events and Submissions/Topic**

Week 2 - 15 Jul 2024

Module/Topic Chapter **Events and Submissions/Topic**

Week 3 Engineering practice experience: unit requirements - 22 Jul 2024

Module/Topic Chapter **Events and Submissions/Topic**

• CV/Resume

• Reflection on Engineers Australia Initial workshop

Stage 1 competencies

• Engineering practice experience: report, record-sheet, certification and

employer evaluation

Week 4 - 29 Jul 2024

Module/Topic Chapter **Events and Submissions/Topic**

Week 5 - 05 Aug 2024

Module/Topic Chapter **Events and Submissions/Topic**

Vacation Week - 12 Aug 2024

Module/Topic Chapter **Events and Submissions/Topic**

Week 6 Engineering practice experience: questions and answers - 19 Aug 2024

Module/Topic Chapter **Events and Submissions/Topic**

> Updates on: • CV/Resume

• Reflection on Engineers Australia

Mid-term workshop (updates) Stage 1 competencies

• Engineering practice experience: report, record-sheet, certification and

employer evaluation

Week 7 - 26 Aug 2024

Module/Topic Chapter **Events and Submissions/Topic**

Week 8 Engineering practice experience: portfolio requirements - 02 Sep 2024

Module/Topic Chapter **Events and Submissions/Topic**

Finalising the components of Portfolio:

• CV/Resume

• Reflection on Engineers Australia

Stage 1 competencies

• Engineering practice experience: report, record-sheet, certification and

employer evaluation

Week 9 - 09 Sep 2024

(finalising)

Before submission workshop

Module/Topic	Chapter	Events and Submissions/Topic
Week 10 Portfolio Draft - 16 Sep 2024		
Module/Topic	Chapter	Events and Submissions/Topic
		Complete and submit DRAFT "Portfolio" for feedback (OPTIONAL)
Week 11 - 23 Sep 2024		
Module/Topic	Chapter	Events and Submissions/Topic
Week 12 - 30 Sep 2024		
Module/Topic	Chapter	Events and Submissions/Topic
		Portfolio Due: Week 12 Friday (4 Oct 2024) 11:59 pm AEST
Review/Exam Week - 07 Oct 2024		
Module/Topic	Chapter	Events and Submissions/Topic
Exam Week - 14 Oct 2024		
Module/Topic	Chapter	Events and Submissions/Topic

Assessment Tasks

1 Portfolio

Assessment Type

Written Assessment

Task Description

This submission is COMPULSORY. This is the only assessment item in this unit and is graded on PASS or FAIL basis. In order to PASS the unit, student must complete a portfolio with all components and provide supporting evidences. Student must use the provided template.

Essential components of portfolio are:

- Curriculum vitae or Resume: student can design on their own to a professional standard
- **Reflection of Engineers Australia State One competencies**: student must write a paragraph of statements about each competency and link the discussion with supporting examples/evidences relevant to the competency
- **Engineering practice experience**: student must complete the required placement hours and write an experience report or a 5-minute video blog and complete other items: record-sheet, certification and employer evaluation from qualified engineer at student's work experience

Assessment Due Date

Week 12 Friday (4 Oct 2024) 11:59 pm AEST

Return Date to Students

Review/Exam Week Friday (11 Oct 2024)

Weighting

Pass/Fail

Assessment Criteria

In the Portfolio, student is required to clearly demonstrate satisfactory achievement of the following components:

- 1. A well-prepared professional CV/Resume.
- 2. An understanding of their strengths and weaknesses in their Engineers Australia Stage One competencies.
- 3. The practice of engineering in the industry in which the student has been engaged in since enrolled into a relevant course of study to enhance their practical knowledge of technical discipline in the employer's industry. Students must include all components of practice experience FORM.

Referencing Style

Submission

Online

Learning Outcomes Assessed

- Analyse the structure, products, and services of an engineering organisation
- Apply skills and knowledge developed in an academic course to practice in an engineering organisation
- Reflect on and map Engineers Australia's Stage 1 Competency Standards to professional practice activities
- Develop a strategic approach to personal and professional growth in the workplace.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
