General Information

Overview

Continuing professional development (CPD) is an essential activity for any practicing engineer. Engineers and other professionals engage in CPD for a variety of reasons including staying up-to-date with current developments in their discipline, professional networking, and facilitating career progression. In this unit, you will demonstrate your commitment to CPD by undertaking and recording professional practice exposure. You will reflect on what you have learned from professional practice activities and you will develop a strategic approach to personal and professional growth in the workplace.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.
