## Assessment Overview

## Assessment Grading
This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the University's Grades and Results Policy for more details of interim results and final grades.

## Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

### Feedback from teaching evaluation

**Feedback**

Requirements should be clear

**Recommendation**

Assessment marking criteria will be explicitly explained in the marking rubric and will also be further discussed in the class. The marking rubric will be uploaded in Moodle early.

### Feedback from Class room discussion

**Feedback**

Student find this unit very useful at their workplace

**Recommendation**

This feature will be maintained and will be reviewed for its currency from time to time.

## Unit Learning Outcomes

**On successful completion of this unit, you will be able to:**

1. Evaluate the importance of maintenance management, specifically in relation to the turnaround planning and the implications of the turnaround event.
2. Recommend a plan to effectively manage a turnaround event
3. Evaluate the outcome of the turnaround event and suggest improvements.
4. Optimise the resources required for a turnaround.
