Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student evaluation

Feedback

Student feedback suggested that the marking criteria were not always sufficiently clear and would benefit from more explicit descriptors and guidance.

Recommendation

Marking criteria will be revised to provide clearer, more explicit performance descriptors, with supporting rubrics and exemplars made available on Moodle to improve assessment transparency and student understanding.

Feedback from Lecturer's observations

Feedback

Providing more explicit encouragement for participation in Q&A sessions contributed to higher levels of student engagement in the online learning environment.

Recommendation

Structured prompts and deliberate encouragement for participation in Q&A sessions are to be embedded throughout online sessions to sustain and further enhance student engagement.
