ENRP29001 Capstone Engineering Project

Term 2 - 2025

Profile information current as at 23/11/2024 05:43 am

All details in this unit profile for ENRP29001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will undertake a group project requiring an investigation of an approved topic in your chosen engineering discipline. Each project will be carried out under the supervision of an academic staff member and, where appropriate, an industry partner. You will develop a group thesis that will report your findings and reflections on your professional practice. The capstone project will provide opportunities to integrate technical knowledge and generic skills you gained in earlier years and deliver optimal engineering solutions.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).
