General Information

Overview

This unit gives students an opportunity to undertake a project of their choice in any discipline area in the school in which they have already done a substantial amount of study. The project could involve researching an academic topic or involve using practical skills or relate to a work placement in an approved organisation. NOTE: The unit is only offered subject to the availability of an appropriate supervisor, who will stipulate the learning activities and the precise assessment task(s) to be completed by students. Students considering this unit are advised to contact a potential supervisor(s) and the unit coordinator. Once a topic or a work placement has been agreed, the course advisor will confirm the student's enrolment in the unit.
