Term 2 - 2024

Profile information current as at 29/07/2024 03:22 pm

All details in this unit profile for FINC11001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit is the foundation unit for students completing the Financial Planning stream and covers the professional financial planning process, including the Australian legal framework and the responsibilities of financial planners. You will learn how to investigate a client's financial situation and turn the core elements of financial planning into a strategic financial plan. You will also be introduced to financial planning software, tools and templates used in real-world financial planning practice as well as communication methods aimed at building long term client relationships.

Offerings For Term 2 - 2024

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Evaluations

Feedback

The volume of content and resources can be overwhelming.

Recommendation

Continue to review and reduce the volume of content and resources as far as possible without compromising the integrity of the unit.

Feedback from Student Evaluations

Feedback

More flexibility for people not able to attend live lectures.

Recommendation

Provide students who cannot attend the live online workshops, not only the pre-recorded workshop recordings, but opportunity to do one-on-one Zoom sessions at other times of the week.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain and apply the process and Australian legal framework of financial planning.
2. Present strategic advice which meets the financial planning needs and objectives of clients in a variety of circumstances.
3. Communicate effectively with clients to solve financial planning problems.
4. Construct financial planning scenarios using industry standard software.

Assessment Type

Practical Assessment

Task Description

This is an individual assessment comprising two parts.

This assessment is the Practical Assessment 1 Part 1 of 2

You will achieve the following Unit Learning Outcomes with this assessment:

- Present strategic advice which meets the financial planning needs and objectives of clients in a variety of circumstances.
- Communicate effectively with clients to solve financial planning problems.
- Construct financial planning scenarios using industry standard software.

Comprehensive guidelines, submission instructions, resources and marking criteria will be available in Moodle in the **<ASSESSMENT>** tile.

In summary:

- You will be provided with a client case study and a partially completed Statement of Advice template.
- The purpose of this assignment is to have you research a personal budgeting and debt management problem, analyse a number of solutions and document your recommendations using a simulated real-world financial planning advice template.
- The Statement of Advice template completion is a simulation of the real-world and contains specific justifications related to your financial planning recommendations. Hence, this assignment has the reputation for being challenging, yet useful in terms of how it builds financial planning knowledge as well as provides employable skills.
- Weekly Zoom Workshops will demonstrate how to construct a Statement of Advice from different perspectives.

Engaging with your peers via the Moodle Q&A forum helps lighten your study workload and address any matters around the Assessment tasks.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
