

HLTH11031 *Healthy Lifestyles*

Term 1 - 2020

Profile information current as at 26/02/2025 12:32 am

All details in this unit profile for HLTH11031 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will explore your own lifestyle behaviours as well as those of others. You will consider how lifestyle behaviours and culture impact on health outcomes and consider how lifestyle behaviours are developed and reinforced. You will explore the knowledge, attitudes and values that influence lifestyle behaviours of individuals, communities and populations and interventions that could delay the onset of potential health problems across the lifespan. As part of this exploration, you will learn to undertake basic health indicator measurements and consider how these relate to lifestyles.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback via the unit evaluation

Feedback

"Make weekly discussions mandatory. This way the weekly readings are compulsory and students can get more out of such valuable information."

Recommendation

Discussion on the forums were much higher this term compared to previous terms due to the addition of new learning supports and critical questions each week - these will be kept for next term. An online quiz covering the weekly topics will replace one of the written assessment tasks to encourage completion of the weekly readings.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain how lifestyle behaviours and culture can have positive and negative impacts on health outcomes
2. Undertake basic health indicator measurements and explain how these relate to lifestyle
3. Explain how lifestyle behaviours are developed and reinforced
4. Discuss how to delay the onset of potential health problems and reduce health risk factors across the lifespan
5. Explain knowledge, attitudes and values used to influence lifestyle behaviours in individuals, communities and populations
6. Critically reflect on own experience of changing lifestyle behaviour.

Not applicable.

Assessment Tasks

1 SMART goal and Reflective Essay

Assessment Type

Written Assessment

Task Description

Part A - SMART goal (10%)

Students are required to complete the *Wellness Survey* template which can be found on the Moodle site. As part of this template, they will be expected to develop their own wellness profile and to set a SMART goal to achieve during Term 1. This assessment will provide the basis for the reflective essay.

Part B - Reflective Essay (40%)

Write a reflective essay which considers your own attitudes to health and wellness and also your personal experience of modifying the lifestyle behaviour chosen for Part A of this assessment. Consider the challenges of health related behaviour change and compare your experiences with the health promotion literature (eg health promotion articles from peer reviewed journals).

Assessment Due Date

Part A (SMART goal) due Friday 27th March, Part B (Reflective Essay) due Monday 1st June

Return Date to Students

2 weeks after submission

Weighting

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
