

HLTH11031 *Healthy Lifestyles*

Term 1 - 2022

Profile information current as at 25/02/2025 11:50 pm

All details in this unit profile for HLTH11031 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will explore your own lifestyle behaviours as well as those of others. You will consider how lifestyle behaviours and culture impact on health outcomes and consider how lifestyle behaviours are developed and reinforced. You will explore the knowledge, attitudes and values that influence lifestyle behaviours of individuals, communities and populations and interventions that could delay the onset of potential health problems across the lifespan. As part of this exploration, you will learn to undertake basic health indicator measurements and consider how these relate to lifestyles.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Assessment Tasks

1 SMART goal and Reflective Essay

Assessment Type

Written Assessment

Task Description**Part A - SMART goal (10%)**

Students are required to complete the *Wellness Survey* template which can be found on the Moodle site. As part of this template, they will be expected to develop their own wellness profile and to set a SMART goal to achieve during Term 1. This assessment will provide the basis for the reflective essay.

Part B - Reflective Essay (40%)

Write a reflective essay that considers your own attitudes to health and wellness and also your personal experience of modifying the lifestyle behaviour chosen for Part A of this assessment. Consider the challenges of health-related behaviour change and compare your experiences with the health promotion literature (eg health promotion articles from peer-reviewed journals).

Note: This is a must-pass (50%) assessment (Part A and Part B combined)

Assessment Due Date

Part A (SMART goal) due Friday of Week 3, 25th March, and Part B (Reflective Essay) due Monday of week 12, 30th May

Return Date to Students

2 weeks after submission

Weighting

Minimum mark or grade

Students must pass (50%) Assessment 1 - SMART goal and Reflective essay

Assessment Criteria

This assignment will be marked using criterion-referenced assessment.

Part A will be assessed using the following criteria:

- Completion of a personal wellness profile
- Identification of an appropriate SMART goal to achieve throughout the term.

Part B will be marked according to the following criteria:

- Essay writing skills and presentation
- Self-reflection on attitudes to health and wellbeing
- Self-reflection on the experience of changing a health behaviour
- Ability to incorporate literature on lifestyle behaviour into discussions.

For more detailed marking criteria, refer to Moodle site.

2 Discussion forum posts portfolio

Assessment Type

Portfolio

Task Description

For the purpose of this assessment, you will be expected to create a purposefully selected portfolio of work that will showcase your learning throughout the term. Your portfolio will contain a collection of your contributions to the class discussions on the following topic areas that relate to health and wellness:

1. Cultural factors
2. Health indicator measurements
3. Onset of potential health problems and;
4. Knowledge, attitudes and values

You will submit your four best Discussion Forum posts from weeks 1 - 11. Each post must be from a different week and demonstrate how you have contributed to the learning of others regarding the impact of each of the four topics on health and wellness.

Assessment Due Date

Review/Exam Week Monday (6 June 2022) 11:45 pm AEST

Return Date to Students

As this is the final assignment, results will be released with the release of grades for Term 1, 2022

Weighting

30%

Assessment Criteria

Your discussion posts will be marked according to their relevance to the four topic areas (culture, health indicator measurements, onset of potential health problems and knowledge, attitudes and values) and to their consistency to the conversation within the discussion board to promote learning of self and others. See the Moodle site for a detailed marking rubric.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
