

HLTH12028 *Health Promotion Strategies*

Term 2 - 2024

Profile information current as at 02/07/2025 11:17 am

All details in this unit profile for HLTH12028 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit builds on the student's understanding of health promotion by focusing on best practice strategies. These strategies will cover a range of circumstances and settings, including brief individual interventions to the development of national health promotion policy. It is recognised that effective health promotion initiatives generally use a combination of strategies and skills that are founded on theory and research.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student unit survey.

Feedback

Improve the visual quality of recorded lectures as they appear fuzzy.

Recommendation

Provide directions for students in week 1 of the term on how to improve the visual quality of Echo 360 lecture videos.

Feedback from Student unit survey, Unit Coordinator reflection.

Feedback

Many students lacked the skills and knowledge required to complete the final written assessment.

Recommendation

In preparation for their final written assessment, emphasise to students the importance of completing the unit learning materials, including weekly lectures and support sessions from weeks 6 to 10, from early in the term.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Evaluate the principles underlying best practice in health promotion in relation to strategies
2. Distinguish between various health promotion strategies
3. Locate, critically evaluate and utilise information in the development of effective health promotion strategies
4. Recommend culturally appropriate strategies to be applied in a variety of settings, including schools, workplaces, health service organisations and entire communities
5. Argue the most appropriate strategy, or mix of strategies, for addressing a health related issue, including mental, emotional, social or physical health issues
6. Determine the most appropriate methods, policies and resources to support the planning and implementation of health promotion strategies.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
