## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from From the school/ discipline meeting.

**Feedback**

Recorded Lecturers

**Recommendation**

Please ensure that the lecturer does not utilize outdated lecture recordings. Instead, please confirm the use of the most recent recordings of the HRMT19021 lecture by the instructor, and also provide any necessary updated study materials. This is essential to enhance student learning and contribute to overall unit satisfaction. Additionally, please verify that the lecturer's recordings are functioning correctly to facilitate a smooth learning experience.

#### Feedback from From the school/ discipline meeting.

**Feedback**

Unit Coordination by the sessional academics

**Recommendation**

The recognition of low response rates in student evaluations as an issue and the commitment to address this by ensuring up-to-date lecture recordings and increasing student engagement will be a positive move. Hence, it is essential to maintain proactive supervision to monitor these improvements effectively. Collecting a more representative number of responses in future unit evaluations will provide valuable insights for continuous enhancements. In the future, it would be beneficial to maintain transparent communication with students to address their concerns and keep an open feedback loop for ongoing recommendations and refinements.

#### Assessment Type

Literature Review or Systematic Review

#### Task Description

The primary purpose of Assessment 1 is to enhance your research, literature analysis, and referencing skills. This task will also provide you with the opportunity to demonstrate your critical thinking and written communication skills. You are required to compile a literature review of recent (published in or after 2014) peer-reviewed journal articles (such as for example, *The Journal of Industrial Relations*) and authentic news information sources (such as for example, *The Australian Financial Review*) relating to a recent industrial dispute involving DP World in the maritime industry (2000-2500 words).

Something of the flavour of this dispute can be gleaned from the following news article;

[https://www.abc.net.au/news/2024-01-23/dp-world-maritime-workers-union-australian-ports-pay-dispute/103378230?utm\\_source=abc\\_news\\_app&utm\\_medium=content\\_shared&utm\\_campaign=abc\\_news\\_app&utm\\_content=other](https://www.abc.net.au/news/2024-01-23/dp-world-maritime-workers-union-australian-ports-pay-dispute/103378230?utm_source=abc_news_app&utm_medium=content_shared&utm_campaign=abc_news_app&utm_content=other)

## 2 Case Study

**Assessment Type**

Case Study

**Task Description**

Students will be asked to analyse a case study (2000-2500 words). The case study will relate to the employment relations strategy of QANTAS.

Analyse the employment relations strategies of Qantas Airways since 2011. Why did management adopt these strategies? Account for their success or failure. Do you agree with these management "strategic choices"? Justify your viewpoint.

Please note that a relevant Case Study ("Values and the 2011 Qantas dispute") by Mark Bray and Johanna Macneil is on pages 73-76 of the textbook. In addition, Anthony Forsyth and Shae McCrystal (2023) discuss employment relations in Qantas as part of their analysis of bargaining under the Fair Work Legislation Amendment (Secure Jobs Better Pay) Act 2022.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
