MATH12226 Algebra 2

Term 1 - 2026

Profile information current as at 23/01/2025 12:05 pm

All details in this unit profile for MATH12226 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will study the application of the factor and remainder theorems for algebra and polynomial problems. You will solve absolute value equations and inequalities. You will determine solutions to linear, quadratic, and high-order equations, applying appropriate methods, techniques, and fundamental properties. You will also analyse and synthesise algebraic techniques, principles and concepts into a cohesive, valid and logically communicated solution using correct algebra terminology and notation, and mathematical language.
