General Information

Overview

On successful completion of this unit, you will have a sound understanding of the fundamentals of microbiology. You will be able to explain the principles by which microbes are classified, the relationship between form and function, the mechanisms by which genetic change occurs and the dynamics of growth and multiplication. Mixed mode and Rockhampton students must attend a compulsory residential school or on-campus laboratory classes in order to achieve the learning outcomes.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student evaluation data

Feedback

Students would prefer the tutorials be after all of the weekly lectures.

Recommendation

Tutorials will be scheduled after all lectures.

Feedback from Student evaluation data

Feedback

Students found the residential schools extremely valuable.

Recommendation

Residential schools will continue in their current format.

Feedback from Student evaluation data

Feedback

Some students would like recorded videos on assessment requirements.

Recommendation

Videos on assessment requirements will be looked into, as they could be valuable for students unable to attend the zoom drop in sessions.
