Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit coordinator reflection

Feedback

Two compulsory tutorials were held, one at the beginning of each block. This made it hard for students to know which one to attend as many were receiving their placements date throughout block 1 with start dates at varying times.

Recommendation

It is recommended that one compulsory tutorial is held at the beginning of block 1, where all students are required to attend. This will ensure each student is ready and equipped with the correct information prior to starting their placement regardless of when their start date is.
