#### Assessment Type

Portfolio

#### Task Description

For this individual assessment, each student is required to choose a news article (from two articles to be provided on Moodle) that focuses on selected United Nations Sustainable Development Goals (UNSDGs) and answer a set of questions exploring marketing implications of the article. The specific questions students need to answer include: (1) Which of the UNSDGs does the news article relate to?; (2) Who are the important stakeholders?; (3) What potential marketing issues can be identified from the article?; (4) How would you respond to these issues and why?; and (5) Could you please provide your reflection on what you have learned from this assessment and how your learning could be applied in the future?

This individual assessment should be submitted in a single Word document file, has a maximum word limit of 1000 words, and requires a minimum of 5 references. Any assessment with a 'Turnitin' score of more than 25% will be checked by the marker for potential plagiarism issues although it may not necessarily mean that you have plagiarised. If there is a substantial similarity score in the 'Turnitin' report, your assessment may be forwarded to an appropriate office/authority.

## 2 Marketing Audit

### Assessment Type

Report

### Task Description

Assessment 2 requires students to work in groups of up to 5 students on the organisation Meriton Suites (<https://www.meritonsuites.com.au/>) in order to prepare a comprehensive marketing audit. The aim of this assessment is to conduct a systematic, comprehensive and objective analysis of the marketing activities undertaken by the organisation. In addition, you are also required to provide one recommendation for the organisation, and to reflect on what you have learned from this assessment and how your learning could be applied in the future.

Groups are required to present the major parts of the report in the week 10 workshop or week 11 workshop. Each group's presentation should be within 5 minutes in duration, and should be based on a maximum of 6 PowerPoint slides.

This is a group assessment (maximum group size is 5 students). All group members must be from the same workshop. Workshop facilitators will provide additional information about forming groups in the workshop classes. Please note that once you are placed in a group, **you are not allowed to change groups (i.e. join another group) without prior permission from the teaching staff (workshop facilitator).**

This group assessment should be submitted in a single Word document file, through Moodle by the assessment due time (**only one member per group is required to submit this file**). This file should include two chapters, including "Chapter A - Marketing audit report" and "Chapter B - Screenshots of presentation slides". In other words, this file should include your group's written marketing audit report as well as the screenshots of the PowerPoint slides your group will utilise when delivering your group's presentation in the corresponding workshop. This Word document submission file has a maximum word limit of 2000 words. In addition, "Chapter A - Marketing audit report" requires a minimum of 10 references.

Any assessment with a 'Turnitin' score of more than 25% will be checked by the marker for potential plagiarism issues although it may not necessarily mean that you have plagiarised. If there is a substantial similarity score in the 'Turnitin' report, your assessment may be forwarded to an appropriate office/authority.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
