NURS13145 Professional Experience Placement 5

Term 2 - 2026

Profile information current as at 22/01/2025 08:40 pm

All details in this unit profile for NURS13145 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This is your final unit in the Bachelor of Nursing which must commence and be completed in the final six months of your course. You will apply the Nursing and Midwifery Board of Australia (NMBA) Registered nurse standards for practice (2016). You will continue to explore the importance of the National Safety and Quality Health Service (NSQHS) Standards (2017) and apply the Patient Safety Competency Framework (PSCF) (Levett-Jones et al., 2017). You will be expected to identify risks and recognise and respond appropriately to the deteriorating patient in the simulated and clinical environment. You will work within your scope of practice using the decision-making framework (NMBA, 2020). You are required to participate in a compulsory four (4) day residential school prior to attending professional experience placement for this unit. This unit includes a 240-hour block professional experience placement to consolidate your knowledge, skills, and experiences prior to being deemed eligible for registration as a nurse (Division 1) with the Nursing and Midwifery Board of Australia (NMBA). You must meet specific mandatory health, safety and security requirements to be eligible to attend each professional experience placement. Professional experience placements may be limited in your community, and you may be placed in other locations. Please be prepared financially and personally to cover the costs of relocating for placements. Due to the limited availability of placements, some block placements have start and/or end dates that fall outside standard term dates.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: *12*

Student Contribution Band: *7*

Fraction of Full-Time Student Load: *0.25*

Pre-requisites or Co-requisites

Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2026

- Mixed Mode

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.

This information will be available on Monday 18 May 2026

- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from In-class feedback

Feedback

Students enjoyed the learning opportunities of the multiple-patient scenarios within residential school.

Recommendation

Continue using the multiple-patient scenarios to facilitate students teamwork, time management, prioritisation and communication skills.

Feedback from In-class feedback

Feedback

The choose-your-own-adventure simulations were well received by the students as an enjoyable and dynamic way to complete simulations.

Recommendation

Continue using the choose-your-own-adventure simulations.

Feedback from In-class feedback

Feedback

Some errors within the clinical documents were noted.

Recommendation

Review the clinical documentation prior to the next offering of NURS13145.

Feedback from SUTE Unit Feedback

Feedback

Interview practice session during residential school was very helpful.

Recommendation

Continue to offer opportunity to practice being interviewed for graduate roles using a variety of interview styles and formats. Continue to provide links and resources from the CQU Careers Team.

Feedback from SUTE Unit Feedback

Feedback

This was my favourite Res School. I enjoyed how all of our knowledge was consolidated, and we had the opportunity to work on skills that we individually felt we needed more practice on.

Recommendation

Continue to provide deliberate practice session to facilitate individual learning needs.

Feedback from SUTE Unit Feedback

Feedback

I am concerned that the clinical scenarios have been removed. Although we all get nervous, I think it is a great opportunity to practice our skills, being under pressure is not a bad thing to get used to.

Recommendation

Ensure that students receive performance feedback from peer and lecturers.

Unit Learning Outcomes

Information for Unit Learning Outcomes has not been released yet.

This information will be available on Monday 18 May 2026

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Information for Alignment of Learning Outcomes, Assessment and Graduate Attributes has not been released yet.
