NURS13145 *Professional Nursing Practice 5*

Term 3 - 2027

Profile information current as at 23/09/2026 06:29 pm

All details in this unit profile for NURS13145 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will have the opportunity to consolidate your nursing practice in a clinical environment. You will apply the relevant Nursing and Midwifery Board of Australia (NMBA) Professional Standards and the National Safety and Quality Health Service Standards (NSQHS) in your practice as a nursing student. You will be expected to identify risk and recognise and respond appropriately to the needs of the patient in the simulated and clinical environments. You will review the concept of scope of practice using the Decision-Making Framework (DMF) (NMBA, 2020). You are required to participate in a compulsory three (3) day, 24-hour residential school or equivalent prior to attending professional experience placement for this unit. This unit includes a 240 hour block professional experience placement in a clinical environment. You must meet specific mandatory health, safety and security requirements to be eligible to attend each professional experience placement. Professional experience placements may be limited in your community, and you may be placed in other locations. Please be prepared financially and personally to cover the costs of relocating for placements. Due to the limited availability of placements, some block placements have start and/or end dates that fall outside standard term dates. The accreditation requirements for this course state that NURS13145 must be commenced and completed within the final six months of your enrolment in the Bachelor of Nursing course. Please be aware that if you receive a fail grade in any other unit during your final term, you will be required to repeat both the failed unit and NURS13145. This is necessary to ensure you meet the accreditation standards for course completion.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: *12*

Student Contribution Band: *7*

Fraction of Full-Time Student Load: *0.25*

Pre-requisites or Co-requisites

Pre-requisites: 120 credit points within the CL91 Bachelor of Nursing course OR 72 credit points within the CM77 Bachelor of Nursing (Enrolled Nurse Pathway) AND NURS13141 AND NURS13142 or NURS13146 Co-requisites: NURS13144 and (NURS13143 or NURS13147) This unit must be completed in the final term of CL91 and CM77 Bachelor of Nursing

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 3 - 2027

- Mixed Mode

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.
This information will be available on Monday 13 September 2027

- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from In-class Feedback.

Feedback

Students enjoyed the learning opportunities of the multiple-patient scenarios within residential school.

Recommendation

Continue incorporating multiple-patient scenarios to enhance students' teamwork, time management, prioritisation, and communication skills. These scenarios provide a realistic environment that prepares students for effective clinical practice and collaborative patient care.

Feedback from 2023 SUTE Unit Feedback.

Feedback

"This was my favourite Res School. I enjoyed how all of our knowledge was consolidated, and we had the opportunity to work on skills that we individually felt we needed more practice on."

Recommendation

Continue providing deliberate practice sessions to address individual learning needs effectively. These sessions allow students to focus on specific skills and competencies, fostering confidence and competence through targeted, self-paced practice.

Feedback from Unit Coordinators.

Feedback

It is recommended to continue supporting students on clinical placement through regular phone calls, timely emails, and 360° meetings involving students, clinical assessors, and unit coordinators to address any performance concerns as they arise.

Recommendation

This ongoing support enhances students' placement experience by providing real-time feedback, addressing learning needs promptly, and ensuring consistent communication among all parties involved. These measures help students remain on track with their learning objectives, fostering a supportive and responsive learning environment on placement.

Feedback from In-class Feedback.

Feedback

Students highly valued the career planning session in residential school, which included practical interview practice, insights into graduate year expectations, and guidance from CQU Careers.

Recommendation

Maintain the career planning session as a key component of residential school. This session prepares students for transition to the workforce by enhancing their interview skills, providing essential information about the graduate year, and connecting them with valuable career resources.
