OCCT11001 *Introduction to Activity and Occupation*

Term 2 - 2025

Profile information current as at 05/09/2024 03:54 pm

All details in this unit profile for OCCT11001 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will build on knowledge and skills gained in OCCT11002 (Introduction to Occupational Therapy Theory and Practice) through exploration of occupational therapy assessment and intervention processes involving activity and occupation as core concepts. You will become familiar with a range of common meaningful occupations and learn how to undertake an occupational therapy activity analysis. Concepts of participation limitations at the person level will be introduced. You will engage in a variety of workshop activities that link key theoretical concepts to occupational therapy practice contexts for activity analysis. You will explore ways of grading and adapting activities to enable client participation.
