OCCT14003 *Transition to Professional Practice*

Term 1 - 2027

Profile information current as at 18/09/2026 07:24 pm

All details in this unit profile for OCCT14003 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

You will develop and integrate the knowledge, skills and values relevant to working as an occupational therapist in contemporary practice settings, while exploring essential skills for entry to practice, sustaining a healthy career and contributing to the future of the occupational therapy profession. Your focus will be on topics that students preparing to become new graduate occupational therapists need to consider, knowledge of which supports the transition from student to registered professional. Professional supports and resources such as those available from Occupational Therapy Australia are addressed, as well as the legal requirements of professional registration. You will develop your working knowledge of the Australian Occupational Therapy Competency Standards (AOTCS 2018), critically examining how these standards and criteria will be incorporated into your new graduate and early career practice.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE comments

Feedback

Some students requested more guidance to understand the requirements of assessment tasks.

Recommendation

It is recommended assessment instructions be reviewed for clarity.

Feedback from Unit Coordinator

Feedback

The content respects the diversity and flexible learning requirements of the cohort while they undertake full-time practicum, and is seen as useful and relevant to emerging practice.

Recommendation

It is recommended that the flexibility in design of the unit continue to be emphasised to students, encouraging their autonomy in working through the content to achieve their learning outcomes.
