General Information

Overview

We strongly believe that a Public Health degree should include genuine work experience in a public health workplace setting. In addition to meeting unit requirements, the skills and experiences you gain throughout this Unit will assist with developing professional networks and further your career opportunities. You will undertake a structured period of industry placement (240 hours) as part of this Unit. This will be specifically designed and contractually agreed upon with the University and industry partner. The placement will enable you to apply your knowledge of public health program planning and evaluation, whilst developing an understanding of the professional requirements of working as a public health, health promotion, public health nutrition or environmental health specialist.

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).
