## Term 2 - 2024

Profile information current as at 26/06/2024 09:06 pm

All details in this unit profile for PBHL13004 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### General Information

#### Overview

This is half of a two term unit (see PBHL13003).

#### Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: *12*

Student Contribution Band: *8*

Fraction of Full-Time Student Load: *0.25*

#### Pre-requisites or Co-requisites

Must have completed 96 credit points.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

#### Offerings For Term 2 - 2024

- Mixed Mode

#### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Reflection and discussion amongst teaching team.

**Feedback**

Students sometimes struggle with the requirement to complete an ethics application for their project.

**Recommendation**

Consider introducing the Ethics microcredential into the unit learning material.

#### Feedback from Reflection with teaching team

**Feedback**

Occasionally there is difficulty in completing required administrative processes associated with practicums hosted by Queensland Health agencies

**Recommendation**

Improve processes interfacing with WIL team.

## Unit Learning Outcomes

**On successful completion of this unit, you will be able to:**

1. Collaborate with relevant stakeholders to undertake a Public Health project
2. Negotiate and manage a placement experience through the use of a self-directed learning plan
3. Identify, analyse and discuss current and emerging issues relating to working within the field of Public Health
4. Apply problem-solving techniques and strategies to a Public Health Project
5. Critically reflect on learning associated with placement experience.

## Assessment Tasks

### 1 Practicum negotiation and risk assessment

#### Assessment Type

Professional Practice Plans (learning plans)

#### Task Description

You are responsible for arranging a professional practicum with an appropriate industry partner. Your practicum can be with one industry partner or multiple partners. It should provide you with the opportunity to practice your discipline-related skills in a real world setting. You must complete a minimum of 240 hours of practicum; there is no maximum. Students participating in approved CQU Public Health overseas mobility projects may be granted up to 180 hours toward their practicum. ALL Students: Completion of a practicum document and risk assessment in collaboration with their workplace supervisor. A template and further details for each cohort will be provided on the Moodle site. Students participating in approved CQU Public Health overseas mobility projects: Submit your professional practicum document and risk assessment for your industry practicum AND your expression of interest for the outbound project. Students currently working as trainees or Cadets: You will need to submit your letter of offer for your current role and a letter or email from your employer confirming that you are working in the field and that they are happy for your work to be counted toward your practicum. This will take the place of the negotiation and risk assessment forms.

#### Assessment Due Date

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
