PMSC13002 *Clinical Paramedic Practice 2*
Term 3 - 2026

Profile information current as at 27/12/2024 09:55 pm

General Information

Overview
This unit is one of three (3) clinical placement units within the course. In this unit, you will apply clinical knowledge and skills at an intermediate level in a clinical setting with an approved provider. You will engage in reflective practice activities to support self-directed learning, demonstrate your competency of newly acquired skills, and work on areas for improvement identified during your previous clinical placement unit.

Pre-requisites or Co-requisites
Pre-requisites: PMSC12002 Clinical Paramedic Practice 1. PMSC12003 Special Populations in Paramedic Practice. PMSC12005 Paramedic Medical Emergencies 2. Please note: Any student who has not successfully completed a PMSC residential school within the preceding 12 months or undertaken a clinical placement unit, should consult with the Head of Course to discuss completing a PMSC12001 Procedures & Skills refresher. This ensures currency with all contemporary skills and procedures in line with industry standards and professional capabilities.
Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the Assessment Policy and Procedure (Higher Education Coursework).

Offerings For Term 3 - 2026

- Mixed Mode

Attendance Requirements
All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website
This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Previous Student Feedback

Feedback, Recommendations and Responses
Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE

Feedback
The grand rounds presentation was somewhat unclear and confusing. Additional information about the requirements would have been useful. While the need to explain and demonstrate an understanding of the placement content was understood, it seemed like a significant financial burden if the assessment was based solely on a pass/fail system.

Recommendation
From 2025, the Grand Rounds assessment is to be removed and replaced with a Portfolio assessment to develop a contemporary view focusing on both cultural and vulnerable clients.

Feedback from SUTE

Feedback
The inclusion of an additional section in the Clinical Supervisor Assessment report to include general comments from supervisors and not related to a negative event would be very helpful.

Recommendation
From 2025, the Clinical Supervisor Assessment will provide greater opportunities for Clinical Supervisors to provide feedback including both positive and constructive commentary.

Feedback from SUTE

Feedback
Provide mentor training for paramedics supervising students so there is a standardised structure to teaching students.

Recommendation
From 2025, all placement providers (site level) will receive a pre-placement welcome pack which will include clarity surrounding upcoming placement, expectations and supportive documentation.
