

# PMSC13004 *Clinical Paramedic Practice 3*

## Term 2 - 2024

Profile information current as at 03/07/2025 02:45 pm

All details in this unit profile for PMSC13004 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### General Information

#### Overview

This unit is the third of three (3) clinical placement units within the Bachelor of Paramedic Science course, where you will apply clinical knowledge, reasoning and practical skills at a graduate level in the clinical environment, engaging in reflective practice and consolidating skills and knowledge acquired over the course of the degree. There will be five (5) weeks of clinical placement with an approved clinical provider. Placement activities focus on clinical judgement and decision-making to support your increasingly independent practice, ensuring you are adequately prepared for entry into a graduate internship program.

#### Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

#### Pre-requisites or Co-requisites

Pre Requisites: PMSC13002 Clinical Paramedic Practice 2 PMSC13001 Mental Health for Paramedics Please note: Any student who has not successfully completed a PMSC residential school within the preceding 12 months or undertaken a clinical placement unit, must complete a PMSC12001 Procedures & Skills refresher. This ensures currency with all contemporary skills and procedures in line with industry standards and professional capabilities

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

#### Offerings For Term 2 - 2024

- Mixed Mode

#### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from SUTE

##### Feedback

Students expressed a desire for faster return of assessments

##### Recommendation

By further embedding and refining digital assessment tools, this will significantly improve return of assessments quicker.

#### Feedback from SUTE

##### Feedback

Pre & post surveys outdated and unnecessary

##### Recommendation

Rewriting Portfolio to contemporise the purpose and to remove superfluous elements and replace with areas which are not only relevant but also easily assessable and in line with accreditation obligations.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. Apply clinical reasoning and practical skills at a graduate level within the clinical setting whilst working collaboratively with allied health professionals
2. Refine reflective practice principles associated with clinical reasoning and conduct whilst supporting diverse client groups in the health care setting
3. Evaluate legal responsibilities and requirements, ethical and professional responsibilities and the legal and ethical boundaries of paramedicine practice.

It is a requirement of the Paramedicine Board of Australia that units align with the AHPRA professional capabilities for registered paramedics. These are broken down into five (5) domains. Below aligns the learning outcomes with these domains. In addition, the learning outcomes have also been aligned with the National Safety and Quality Health Service (NSQHS) Standards.

#### Professional Capabilities for a Registered Paramedic

The Paramedicine Board of Australia is responsible for assessing, consulting on and setting the standards for paramedics practicing in Australia. These standards and relevant domains are articulated in the Professional capabilities for registered paramedics document. The learning outcomes of this unit are matched to the relevant capabilities.

## Assessment Tasks

### 1 Portfolio

#### Assessment Type

Portfolio

#### Task Description

This unit is divided into three main phases: pre-placement preparation, the 5 weeks of clinical placement, and post-placement review. The activities of this assessment task span all three phases, and are designed to lead you confidently through your final placement unit.

- The pre-placement activities ensure adequate preparation for all aspects of clinical placement, adequate completion of the placement portfolio and establish performance goals and expectations. You will learn about the concept of reflective practice for paramedics, and through a process of self-assessment and planning will begin to proactively manage your own clinical learning and development.
- During your 5 weeks of clinical placement you will be performing clinical assessment and assisting with treatment of patients, and during downtime complete a placement portfolio. The portfolio is designed to complement your professional experience by leading you through self-review tasks.

Reflective practice is a core component of ongoing quality assurance in all Australian and International health and Ambulance services, where employers are actively requiring graduates to demonstrate reflective practice skills. By establishing this ongoing course of structured self-review you will develop a core skill set necessary to maximise your ongoing professional development for your paramedic career thereafter.

#### Assessment Due Date

Week 8 Monday (2 Sept 2024) 9:00 am AEST

Portfolios are due for submission two weeks after the completion of your clinical placement.

#### Return Date to Students

#### Weighting

Pass/Fail

#### Minimum mark or grade

All students must achieve a minimum of 50% to pass this assessment item.

#### Assessment Criteria

To pass the Placement Portfolio assessment you must complete your portfolio to the given instructions and including:

- Pre and post placement self assessments
- Reflective practice task
- Transition to professional practice strategy
- 2 x Clinical Case Reviews

You must submit and pass all components of this assessment to pass the unit. This is a pass/fail assessment.

**Referencing:** American Psychological Association 7th Edition (APA 7th edition) - Intext referencing to be included for pathophysiology sections of the Clinical Case Reviews.

**Format:** The Portfolio must be in either Word or PDF format, and uploaded directly to Moodle

**Submission:** Late submissions without an approved extension may incur a fail grade. One re-submission may be permitted as per discretion of the Unit Coordinator.

## Learning Outcomes Assessed

- Apply clinical reasoning and practical skills at a graduate level within the clinical setting whilst working collaboratively with allied health professionals
- Refine reflective practice principles associated with clinical reasoning and conduct whilst supporting diverse client groups in the health care setting
- Evaluate legal responsibilities and requirements, ethical and professional responsibilities and the legal and ethical boundaries of paramedicine practice.

## 2 Clinical supervisor assessment

### Assessment Type

Professional Practice Placement

### Task Description

The clinical supervisor assessment has two components reflecting the Interim (Formative) assessment and the Final (Summative) assessment. The formative assessment report is to be submitted mid placement to assist with student tracking, and the summative report to be submitted at the end of clinical placement. The final result of this assessment item is dependent upon the final summative report results.

The assessment report will be marked in accordance with the marking rubric found in Moodle, including the following topics:

- Professional capabilities for registered paramedics;
- Professionalism;
- Skills log;
- Case type log; and
- Assessment submission and forwarding to clinical supervisor.

### Assessment Due Date

Week 6 Monday (19 Aug 2024) 9:00 am AEST

Final (summative) clinical supervisor assessment due on the Monday following the last week of clinical placement.

### Return Date to Students

### Weighting

Pass/Fail

### Assessment Criteria

To successfully pass this assessment element, the following are important to acknowledge:

**Professional capabilities for registered paramedics:** Obtains 3's or 4's, in all questions across all Domains in the Final (Summative) Report.

**Professionalism:** Obtains 3's or 4's, in all questions in the Final (Summative) report.

**Skills log:** Accurately completes Skills log based on clinical activity

**Case type log:** Accurately completes the Case log based on clinical activity

**Report completed and submitted by due date:** The Final (Summative) Clinical supervisor assessment must be completed and submitted to your clinical supervisor by the due date

To automatically receive a pass in this assessment, the student must achieve a pass in all of the listed criteria above.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
