PMSC20005 Advanced Assessment, Diagnostic Interpretation and Management

Term 2 - 2024

Profile information current as at 19/05/2024 06:46 am

All details in this unit profile for PMSC20005 have been officially approved by CQUiversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

On completion of this unit you will be able to articulate the relationship between medical conditions, pathophysiology, clinical assessment findings and management in the critical care context. You will be able to advocate for the appropriate use of clinical measurement assessments, demonstrate analysis, and interpret abnormal results with regard to underlying pathophysiology. You will also employ evidence-based knowledge and practice in the management of patients, incorporating the use of clinical problem solving and decision making.

Details

Career Level: *Postgraduate*

Unit Level: *Level 8*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

For students enrolled in CC70 Graduate Diploma of Paramedic Science (Critical Care Practice) Pre-requisites PMSC20001 Advanced Clinical Assessment and Decision Making Co-requisites PMSC20002 Advanced Critical Skills Application For students enrolled in CL70 Graduate Diploma of Tactical Medicine Pre-requisites PMSC20001 Advanced Clinical Assessment and Decision Making For students enrolled in CM12 Master of Paramedic Science (Critical Care Practice) Co-requisites PMSC20002 Advanced Critical Skills Application

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2024

- Mixed Mode

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Residential Schools

This unit has a Compulsory Residential School for distance mode students and the details are:

Click here to see your [Residential School Timetable](#).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Overview

1. **Written Assessment**

Weighting: 60%

2. **On-campus Activity**

Weighting: Pass/Fail

3. **Online Quiz(zes)**

Weighting: 40%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback (informal).

Feedback

Residential school is valuable for learning the application of skills from subject matter experts.

Recommendation

Continue the practical focus of the residential school & the engagement of subject matter experts.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Clearly articulate the relationship between medical conditions, their pathophysiology, clinical assessment findings and management
2. Advocate for the benefits and appropriate use of clinical measurement assessments within the critical care context
3. Demonstrate the ability to analyse the results of clinical measurement assessments, identify abnormal results and expand on their underlying pathophysiology
4. Employ evidence-based theoretical knowledge and practice, including skills and interventions, while incorporating the use of clinical problem solving and decision making.
