PMSC28001 *Primary Healthcare Placement* Term 2 - 2027

Profile information current as at 04/09/2026 05:05 pm

All details in this unit profile for PMSC28001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit offers you clinical experiences where you can observe and engage with subject matter experts in the application of knowledge, clinical reasoning, and practical skills to primary healthcare practice. You will be expected to participate in 120 - 144 hours of supervised workplace learning, which is equivalent to three 'business hours' weeks (likely in 5-day blocks of Monday-Friday) or three typical 'ambulance shift' rotations (likely in 4-day blocks in line with provider roster patterns). Placement hours will be balanced across placement provider sites or clinical disciplines, for example, palliative care (one block), wound clinic (one block), and urgent care (one block). You will undertake a range of pre-placement preparation activities to ensure you are set up for success and engage in a process of reflection in and on practice as you consider the potential breadth and depth of opportunities for paramedics in primary healthcare practice.
