PODI12009 *Podiatry Clinical Practice 1*

Term 2 - 2027

Profile information current as at 16/09/2026 05:37 pm

All details in this unit profile for PODI12009 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

You will develop and refine your knowledge, skills, and abilities regarding podiatric patient history, assessment and non high risk routine care including basic wound care. A number of diagnostic fields will be taken into account such as dermatopathology, radiography, Magnetic Resonance Imaging (MRI), ultrasound (musculoskeletal and Doppler), and bone density. You will have opportunity to apply theory learnt and evidence based practice to aid in diagnosis and management under the guidance of clinical supervision. You will work predominantly with low-risk older people in the clinical setting.
