PODI13010 *Sports in Podiatry Practice*

Term 1 - 2027

Profile information current as at 16/09/2026 05:35 pm

All details in this unit profile for PODI13010 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will gain an understanding of prevention, treatment and rehabilitation of chronic and acute sports related injuries of the lower limb. You will develop practical skills regarding the assessment and management of common podiatric sporting injuries using patient-centered evidence-based practice. You will also develop an understanding of the role of podiatry in a multi-disciplinary sports management team.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Pre-requisites: PODI12010 Advanced Anatomy and Podiatric Biomechanics. To be enrolled in this unit, students must be enrolled in CB86 Bachelor of Podiatry Practice (Honours) course. Co-requisite: PODI13008 Clinical Biomechanics of the Lower Limb

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2027

- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.
This information will be available on Monday 11 January 2027

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit coordinator reflection.

Feedback

Students may benefit from the development of practice quizzes to support their revision of learnt materials.

Recommendation

It is recommended that the unit coordinator develops a series of practice quizzes to support students' revision.

Feedback from Unit coordinator reflection and staff feedback.

Feedback

The orthopaedic assessment manual may benefit from further clarification of the psychometric properties of the individual assessments described.

Recommendation

It is recommended that the orthopaedic assessment manual be reviewed and additional information regarding the psychometric properties of individual assessments be included where required.
