General Information

Overview

In this unit students will explore a broad range of complex disorders and clinical scenarios relevant to podiatry practice. Students will be required to apply high-level clinical reasoning to arrive at appropriate diagnoses relating to complex clinical scenarios and to develop, justify, and evaluate appropriate assessment and management strategies. Students will apply principles of interdisciplinary practice and will further refine their skills in clinical reasoning and reflective practice.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit Coordinator reflection

Feedback

Consolidation of unit lectures for improved final assessment preparation.

Recommendation

It is recommended that the unit schedules be adjusted. This consolidated block should be positioned earlier in the term, allowing students to dedicate ample time to prepare for their final assessments.

Feedback from Unit Coordinator reflection

Feedback

Students benefited from scheduled review sessions to discuss and clarify preparation for assessment tasks.

Recommendation

It is recommended to schedule assessment review sessions before the assessment submission due date, aiming to offer timely feedback and guidance to students.
