PPMP20017 *Project Management Internship*

Term 1 - 2027

Profile information current as at 15/09/2026 08:08 pm

All details in this unit profile for PPMP20017 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit places successful applicants with a suitable pre-approved host organization for 10 weeks. It provides students with an opportunity to experience a real-life work environment as part of their Master program studies and is classified as vocational placement in the Australian Fair Work Act. This means the focus is on learning rather than performing employee tasks, and host organisations are required to commit to facilitating this learning. Students continue to enjoy access to CQU IT systems, facilities and staff for support, and are obliged to submit both SET Work Integrated Learning (WIL) reports as well as academic assignments to successfully complete the unit. These are intended to document and reflect on the learning experiences and on the host organisation's contribution to the intern's professional development. A virtual or physical site visit by university staff is held during the term as an additional quality control measure.

Details

Career Level: *Postgraduate*

Unit Level: *Level 9*

Credit Points: *12*

Student Contribution Band: *10*

Fraction of Full-Time Student Load: *0.25*

Pre-requisites or Co-requisites

Pre-requisites: Most internships are offered through a provider. To be eligible, students need to apply for an internship, pass all units on the first try, and complete all other units in their study plan prior to undertaking an internship. The student requires a minimum GPA of 5.75. To ensure these criteria are met prior to forwarding eligible applications to WIL for processing, the Student Advisers review all applications. The students must undergo a series of interviews with providers and potential internship host organisations before being placed with a host. Only after all processes are completed and students are offered a placement are they enrolled in this unit. Permission to enrol ensures that students do not self-enrol. If you do not pass all prior units on the first attempt, you will not be eligible to enrol in this unit, and therefore, you must either enrol in 'Research Stream' units or 'Practicum Stream' units. Anti-requisites: If you have completed any units from the 'Research Stream' or 'Practicum Stream' you cannot enrol in this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2027

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.
This information will be available on Monday 11 January 2027

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Academic Progression Policy and Procedure
- Student Refund and Credit Balance Policy and Procedure
- Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback and UC observation

Feedback

Learning materials and assessments were not fully aligned with the needs of the cohort.

Recommendation

The unit is to be updated to be relevant to both Master of Project Management and Master of Construction Management students. The revised Learning Outcomes will then inform revised assessments and curriculum.

Feedback from Student feedback

Feedback

The lecturer provided valuable learning, and the WIL Team provided great support.

Recommendation

Continue to improve the unit to provide a valuable real-life work experience and instill employability skills in graduates.

Feedback from Student feedback and UC observation

Feedback

Site visits proved immensely valuable, however due to logistics were held late in the internship, and some had to be held online.

Recommendation

Start planning site visits as early as possible in the term and endeavor to conduct as many as possible in person.

Unit Learning Outcomes

Information for Unit Learning Outcomes has not been released yet.
This information will be available on Monday 11 January 2027

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Information for Alignment of Learning Outcomes, Assessment and Graduate Attributes has not been released yet.
