General Information

Overview

During this unit you will complete and present your research project work as a thesis containing scientific scholarly works such as a manuscript intended for submission in peer-reviewed journals and/or industry reports, and as an oral thesis presentation and defense. Particular emphasis will be placed on succinct and clear presentations of background literature, project design, analytical methods, findings, conclusions and implications of your work, by written and oral means.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Moodle reports

Feedback

Limited student engagement with unit content and teaching staff.

Recommendation

Thesis preparation resources are available on Moodle, but there is little student engagement with unit content beyond information on assessment tasks. Unit Coordinator should consult with students at the start of term to determine their specific needs for thesis completion and provide updated resources in Moodle to address these needs.

Feedback from Written feedback from examiners' reports

Feedback

Additional resources needed on communicating scientific research.

Recommendation

Unit Coordinator should provide further Moodle resources to assist students with preparing and delivering oral presentations for general audiences.
