

Profile information current as at 26/02/2025 12:21 am

All details in this unit profile for SOCL11059 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will examine key processes of social change and power that are needed to address the challenges facing people and the planet. By drawing on the work of a range of social change leaders and new paradigms from a range of social sectors - production, consumption, distribution, exchange and finance - you will begin developing skills in leading social change. You will explore processes of self change and social change as well as the social innovations that will be part of developing a new economy, society and sustainable environment into the 21st Century.

Details

Career Level: Undergraduate

Unit Level: Level 1 Credit Points: 6

Student Contribution Band: 10

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the Assessment Policy and Procedure (Higher Education Coursework).

Offerings For Term 1 - 2020

Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

Regional Campuses

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

Metropolitan Campuses

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Portfolio**Weighting: 50%

2. Written Assessment

Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the <u>University's Grades and Results Policy</u> for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the CQUniversity Policy site.

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the CQUniversity Policy site.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Moodle

Feedback

I like the use of the moodle posts in order to have a more constant influx of feedback on the concepts being discussed

Recommendation

Will continue to use Moodle posts to build a portfolio

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

- 1. Explain how social innovation can address wicked social problems
- 2. Discuss case studies addressing social change across a range of sectors
- 3. Apply human centred design principles and re-framing to a social change problem
- 4. Explain your role in generating positive social and environmental change.

Term Specific Information

There are set readings for the course but I will endeavor to include materials related to students interests so materials may be added that you find relevant as well keeping you up to date with the latest thinking in social innovation which is constantly developing. There is no set text for the course but there are 2 online texts to download from which I have set chapters. These are Duncan Green's 2018 How Change Happens (esp chaps 1 & 2) and Barefoot Guide 1 (BFG 1) (esp chaps 3 & 5)

Assessment Tasks

1 PORTFOLIO

Assessment Type

Portfolio

Task Description

The portfolio consists of 1500 words in total - being 5 x 300-word Moodle posts.

You are required to submit five 300-word posts to the graded Moodle Forum set up for the relevant week. Each individual post will be marked out of 10 for an overall mark out of 50. These are to be submitted to the Moodle forum at the end of the relevant module (and at the end of the course to allow for Turnitin report). There will be a separate Moodle forum to which you can submit a rough draft - using dot points or interesting sources - for feedback from the lecturer and for discussion with your peers. This will remain open until the final posting is due.

Students are encouraged to post early to this forum and discuss their posts and then re-submit to the graded forum before the due date. Other posts in the final graded forum will not be visible until you submit yours.

The purpose of these Moodle posts is to develop your ability to reflect on the unit materials and demonstrate your learning. You are required to critically reflect on the key idea or issue. Each posting to the Moodle Forums should provide evidence of your learning and thinking about the module. The posts to the Moodle Forums do not need to be lengthy and should not exceed the required 300 words per posting. Put your post in the text box not attached as a document or file. Postings do need to demonstrate that you have given some thought to the topic - backed up by other sources you have looked at (no more than 2 or 3). A brief, concisely written answer to the topic is more

sources you have looked at (no more than 2 or 3). A brief, concisely written answer to the topic is more effective than a long, winded general comment. Where appropriate, you should refer to the literature to support your discussion and provide an in-text citation for any sources that you use. If you do use a direct quote, it should only be included if you then make a comment on what the author has said. If you use a direct quote as part of your discussion it MUST BE clearly indicated as such and you will need to provide full reference details in Harvard (author/date) style.

The minimum expectation for this assessment item is that you provide fortnightly postings for grading as above (and submit them all for Turnitin score at the end of term). You are encouraged to engage with weekly discussion forums as feedback will improve your marks.

You will not be able to pass the course if you do not submit the portfolio to Turnitin by Week 12.

Assessment Due Date

Posts are due anytime before Friday in weeks 3, 5, 7, 9. 11

Return Date to Students

Posts will be graded within the following week

2 SOCIAL INNOVATION CASE STUDY

Assessment Type

Written Assessment

Task Description

You are required to write a 1500-word essay on an area of social innovation like those in the second half of the course (land, food, work, health, energy, money). You are free to pursue your own interest using the materials discussed in the unit. Taking your cue from the ideas in the unit materials you should explain how it is a wicked problem and examine how an understanding of process and of human-centred design would contribute to solving common social problems..

The essay should draw on the unit material covered. You will need to analyse your social problem and

critically think about what socially innovative solutions may be possible.

Your essay needs to address the following three areas:

- 1) Social change as a 'wicked problem'.
- 2) The role of the human centred design in social change processes.
- 3) The role of change as a process in social innovation.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
