General Information

Overview

Social Work Field Education 1 is the first of two fieldwork placements that you are required to complete. You will complete onsite, agency-based interactions and learning tasks in a practice context supervised by an approved agency worker. You will participate in the range of activities, tasks, and processes that the agency encompasses by negotiation with the supervisor and subject to agency rules and procedures. During the first placement you are invited to consolidate and apply your learning from the first two years of study within an agency placement context. You will observe other workers, participate in the operations of the agency and should be able to critically analyse and articulate your developing professional practice framework within the context of the field placement. A Field Education Manual will guide you through the placement process, providing a detailed framework and administrative arrangements, including attendance and assessment requirements, as well as roles and responsibilities of all parties. The manual outlines the inherent requirements and performance expectations based on the Australian Association of Social Workers (AASW) Practice Standards and ASWEAS General and Profession-Specific Graduate Attributes. You are required to attend the compulsory residential school associated with the co-requisite unit, SOWK13010, and participate in designated call-back sessions.
