SPCH13011 Applied Evidence-Based Practice for Speech Pathology

Term 2 - 2026

Profile information current as at 23/01/2025 01:34 pm

All details in this unit profile for SPCH13011 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will advance the evidence-based practice knowledge and skills you learned in ALLH12006 and apply them to speech pathology practice. Using real-world paediatric cases, you will develop literature search and critical appraisal skills to support clinical reasoning and effective clinical decision making. You will also learn about the strengths, limitations, and ethics of using generative artificial intelligence in speech pathology practice.
