General Information

Overview

In this unit you will advance your knowledge in the aetiology, assessment, diagnosis, prognosis, and management of stuttering and voice conditions in children and adults. The International Classification of Functioning, Disability, and Health framework will provide context and structure to assist you in assessment, prevention, and management planning. Evidence-based and interprofessional practice will provide the foundation for your learning in all stages of assessment and management. Service provision in diverse communities and contexts will be discussed.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student evaluations and unit coordinator reflection

Feedback

Recorded lectures and online activities should be posted at least 1 week prior to tutorial.

Recommendation

It is recommended that the unit coordinator ensure all recorded lectures and online activities are available at least 1 week prior to tutorial.

Feedback from Student evaluations

Feedback

Unit requirements were not clear.

Recommendation

It is recommended that the unit coordinator review the flow of content across the unit together with the task descriptions and rubrics for assessments and identify any areas where clarity could be further improved.

Feedback from Unit coordinator reflection

Feedback

Assessments tapped into important skills for clinical practice.

Recommendation

It is recommended that the format and knowledge/skill requirements of both assessments be retained to support practical application on placement and in the workforce.
